

Our story

The history of Zanzzi started in Zakynthos, where Stelios and Angela were barely 25 when they decided to open up their very own little bar. And what they aimed to achieve was quite simple—to establish an environment where people would feel like coming back to their friends' house after work to have some drinks and tell their stories.

And from its very beginning, the priority of Zanzzi has been very clear – creating a cozy atmosphere full of good vibes and natural flavors.

Having spent a glorious four years in Zakynthos, Zanzzi moved to Corfu Island, where it started not just serving cocktails but also food. Again, everything is kept simple and fresh.

For nothing in life really matters unless it comes with good company.
